**B Output:**

The image shows a web application interface for a counter. It features a white rounded rectangle centered on a blue-to-teal gradient background. Inside the rectangle, the title "Counter Application" is at the top in blue. Below it, the number "18" is displayed in a large, bold blue font. Underneath the number are two buttons: a blue button with a white "+" sign and an orange button with a white "-" sign. Below these buttons is a text input field with the placeholder text "Enter new value". At the bottom of the white rectangle is a wide, rounded button with a blue-to-teal gradient, labeled "Set Counter" in white text.
